

i-MOTEL is really "in"

"in" stands for "innovative" and "Internet access"!

i-MOTEL is Germany's first prefabricated timber-framed motel: the timber construction and natural insulating materials allow the rooms to "breathe". Thanks to the excellent insulating values achieved, i-MOTEL is a truly energy-saving building.

All rooms have a pleasant, calming ambiance and are ideally suited to allergy sufferers. The soothing colour scheme of yellow, white and blue predominates both inside and outside. Smoking is strictly prohibited in all rooms in order to create a more pleasant atmosphere for non-smokers.

Other features include: unbeatable value for money for the Rhein-Main region; convenient Hotelomat 24 hour check-in system at any time of night; free parking in front of your door; hot and cold drinks dispensers.

In addition, i-MOTEL enjoys an idyllic country setting while at the same time being very close to the city centre – a combination hard to find so close to Frankfurt.

Travel connections from i-MOTEL to Frankfurt:

- by car: only 15-20 minutes to Frankfurt City and Airport (allow more at peak times)
- by bus: a shuttle bus takes you directly from Obertshausen station to Frankfurt Airport
- by train: the high-speed S1 commuter train takes you directly to Frankfurt city centre (Konstablerwache) in exactly 20 minutes with a minimum of stress, and in 27 minutes to the main station
